Disclosures and Consumer Information

Vaccination/Immunization/Titer Policy

While National Career College does not require students to provide proof of vaccination prior to enrollment and the start of their program of study, programs offered by the College may require a physical exam and proof of immunization and/or titers for communicable diseases such as Rubella and Hepatitis B, among others, and Tuberculosis testing prior to entering the externship/clinical component of the program.

IMMUNIZATION/TITER REQUIREMENTS BY PROGRAM	
Medical Assistant	May be required by specific affiliates
Medical Office Specialist	May be required by specific affiliates
Healthcare Administration	May be required by specific affiliates
Vocational Nursing	Rubella Titer, Rubeola Titer, or MMR vaccination Varicella Zoster Titer or vaccination Hepatitis B vaccination Tuberculosis Testing

Students in the Vocational Nursing program should refer to the VN Student Handbook for additional health and immunization requirements.

Health and immunization requirements are discussed during applicable program orientation.
